# WELCOME TO THE i40 SERIES II

The i40 series II represents the best of both worlds from Hyundai. Born from the heart of European design at our state-of-the-art facility in Russelsheim Germany, this stunning car, available in sedan and wagon – continues the evolution of Hyundai's fluidic sculpture design language. It won't let you down in the performance stakes either with a choice of two innovative engines, including a state-of-the-art turbo-diesel option on both sedan and wagon.

You'll soon discover when you step inside, that the i40 series II is more than just eye-catching looks and amazing performance. It's immediately clear that the high-level design, workmanship and attention to detail that distinguish the exterior have been carried through to the interior. The fit, finish and features are immaculate. Plus of course, being a Hyundai, the i40 series II can be relied upon to deliver impressive fuel economy, powerful engine options in petrol and diesel and the ultimate in safety with a 5-star ANCAP rating.

So welcome to the i40 series II – designed in Europe, perfect for New Zealand.

# EXTERIOR

They say that beauty is in the eye of the beholder, and the i40 series II is certainly a sight to behold. From its highly distinctive headlights, signature Hyundai sweeping curves, back to its stylish spoiler on the Wagon model with high mounted LED stop light, this is one elegant vehicle.

## **Daytime LED running lights:**

Daytime LED running lights serve two functions: added safety and elegant design. Standard on all models, they help you stand out from the crowd when cruising, or be better seen in low light conditions.

## **Alloy wheels:**

The i40 series II offers two wheel options, including 16-inch alloys on i40 series II entry models, and stylish 18-inch alloys on Elite models. All alloys feature modern, tasteful designs and are fabricated using durable aluminium alloy.

## **Power tailgate:**

The power tailgate features one touch opening and closing for new levels of convenience (Elite Limited model only).

## **Panoramic glass roof:**

At the flick of a switch, the motorised roll blinds retract and the dual panoramic sunroof opens up to brighten up your day. The sunroof opening is bigger than ever thanks to an innovative three-piece design (Elite Limited model only).

## **Electric folding side mirrors with indicator lights:**

The unique power-folding outside mirrors on Elite models can help you get into the tightest spaces when parking, and the indicator lights on all models are located on side mirrors to improve convenience and safety.

# INTERIOR

Once inside the i40 series II, you realise that its beauty is much more than skin deep. The interior is a testament to high-level design, workmanship and attention to detail. It literally bristles with technology including full AUX, iPod and USB connectivity, Bluetooth handsfree phone integration and on Elite models, electric seats, push button engine start and rain-sensitive wiper system to name a few. Add to this a dual panoramic sunroof and power tailgate on the Elite limited model, and you've got a car that's as clever as it is captivating.

## **Electric seats:**

Sit down and notice how every comfort has been considered. The driver's seat on Elite models is electrically adjustable in ten different directions – including lumbar support, as well as featuring seating memory with dual-setting functionality.

## **Driver IMS seating memory:**

Ideal if you have multiple drivers. Save two different driver seating positions and switch between them with the touch of a button. (Elite models only)

## **Heated seats:**

So good so far? Well, you could say we're just warming up. i40 series II Elite models boast heated seats for both front and rear passengers, so you're kept cosy inside, whatever the weather outside.

## **Front air ventilated seats:**

Simple air ventilation technology employs fans under the seat cushions to pump a gentle stream of cooling air to help you stay cool and dry on hot muggy days (Elite Limited model only).

## **Front sports bucket seats:**

Bolstered sports-comfort bucket seats for the driver and front passenger enhance the coupé feel and provide high levels of support to reduce fatigue during long journeys (Elite Limited model only).

## **Flexible rear seating:**

The folding rear seats on wagon and sedan models allow 60:40-split folding for added convenience and versatility. When rear seats are folded down, the i40 series II Wagon has an impressive maximum boot capacity of 1,719 (VDA) litres.

## **Heated steering wheel:**

There's nothing quite like gripping the i40 series II's warm steering wheel on a freezing New Zealand winter's morning. A great feature that's certain to be much appreciated when temperatures are low (Elite Limited model only).

**One touch turn indicators:**

Here's another nice touch. When you're changing lanes, the i40 series II points you in the right direction with one touch, turn indicators.

**Glovebox cooler:**

Keeping drinks and snacks cool for the journey isn't an issue as the glovebox is cooled through the use of the air-conditioning (Elite models only).

# SAFETY

Like all Hyundai vehicles, the i40 series II delivers the very highest levels of safety. It begins with a body shell made from ultra high-tensile steel from our very own mill. Advanced active and passive safety technologies also ensure maximum protection for all occupants. Cornering Brake Control (CBC) helps you maintain control while braking heavily on winding roads. Dusk sensing headlights switch on automatically when you need them. And a reversing camera standard across the range as well as front and rear parking sensors on Elite models mean you always know what's going on around you.

With a heap of other clever features too, rest assured the i40 series II is one of the safest vehicles on the road. And the proof is in the pudding, achieving a maximum 5-star ANCAP safety rating for frontal and side impact.

## **Nine airbags:**

With nine airbags, including driver and front passenger airbags, two side curtain airbags, four thorax airbags at all four outside seating positions, and a new airbag offering driver knee protection, i40 series II takes every possible precaution to reduce the risk of serious injury in the event of an accident.

## **Ultra-high tensile steel**

Hyundai's capability to make their own high strength steel alloy is an understated benefit, and one you won't notice until you need it. High strength steel is applied to safety-critical areas of the body shell where additional strength reinforcement is required, to keep you and your passengers safer.

## **Electronic Stability Control (ESC) and Vehicle Stability Management (VSM):**

A hugely reassuring feature. This innovative safety system continuously monitors vehicle directional stability and tyre traction to help keep you in control of your vehicle. If the system senses the car is about to skid, ESC will kick in and apply the brakes over the individual wheels and adapt engine power to prevent loss of control. Working along with ESC, a Vehicle Stability Management System assists the driver in maintaining control of the vehicle by applying counter-steering assistance and guiding the driver to turn the steering wheel to the correct steering direction.

## **Emergency Stop Signal (ESS):**

ESS is an innovative new safety feature that activates all rear lights when you hit the brakes heavily during emergency braking to give as much warning as possible to following traffic.

## **Automatic dusk sensing headlights:**

This is truly enlightened technology. Auto dusk sensing headlights on the i40 series II range turn on as the light fades. You can use the over-ride switch – otherwise, leave it to the light sensitive exterior sensors to recognise lowering light levels and automatically turn the headlights on when you need them.

## **Rain sensing front wipers:**

Whenever moisture is detected on the windscreen of Elite models, the rain-sensitive wipers spring into action to make light work of the heaviest downpour – not to mention giving you one less thing to worry about.

**Front and rear parking sensors and reversing camera:**

The i40 series II thinks of everything. Four ultrasonic sensors at the front and four at the rear are automatically activated on elite models when you get close to things, giving an audible warning which increases in intensity the closer you get – very clever. For added peace of mind on all models, a reversing camera seals the deal with a colour image on your screen when reverse is engaged.

**Static bending lights:**

Static bending lights are a special technology that registers the angle of your steering wheel and allows the lights to follow the direction of your vehicle on the road. So, if you're in a hard right corner, the lights will follow your angle of turn and light up the road ahead.

**Lane keep assist:**

This new safety technology uses cameras that sense when you may be drifting out of your lane and produces an audible warning for the driver to ensure they become aware of this dangerous situation (Elite Limited model only).

# TECHNOLOGY

As you'd expect from a Hyundai of this quality, the i40 series II comes packed full of features to surprise, delight and entertain. So no matter how long the journey, everyone inside will be as comfortable as possible.

## **Bluetooth handsfree phone system:**

Enjoy your Bluetooth-enabled mobile-phone and the i40 series II's multimedia sound system - all of which you have complete control over via the steering wheel-mounted controls. You can also stream your music over the Bluetooth connection and it plays through the stereo system - clever.

## **Smart park assist system:**

The i40 series II Elite Limited wagon parallel parks itself with the smart park assist system through the use of a combination of sensors in the front and rear as well as controlling the steering wheel. To help you into any parallel parking space, the driver must control the brake and shift lever.

## **Cruise control and speed limiter:**

Cruise control means you can relax whilst maintaining a constant speed, ideal for open road driving. The i40 series II also has a speed limiter function, which allows you to set a speed limit that the vehicle will refuse to accelerate beyond. Great for safe speed areas, and for avoiding speeding fines. Both these features are controlled from your steering wheel.

## **Advanced climate control:**

Air-conditioning is standard across the i40 series II range because, let's face it, there's nothing constant about our weather. So just dial up your personal comfort zone for any journey. What's more, automatic dual zone climate control on Elite models means staying at the temperature you want is something you won't even have to think about.

**iPod connectivity:**

Because most of us don't have a degree in high-tech connectivity, the i40 series II makes it simple and easy to connect just about any gadget. Your iPod, smartphone or personal music player plug straight into the audio system so you can listen to your music when and where ever. Just as easy, (and with safety in mind), are the steering wheel mounted controls - which mean you can select a song, mute and change the volume – all without taking your hands off the wheel.

**Supervision cluster:**

Utilising new Thin Film Transistor (TFT) technology, the stylish and elegant supervision cluster delivers brilliant colour as well as a wide range of useful information (Elite models only).

**Proximity key:**

With the Proximity key in your pocket, the i40 series II recognises you, and with a touch of the door handle button unlocks itself without you needing to press the key (Elite models only).

**Push button start:**

And once inside, i40 series II Elite models also feature a push button start, so you can start the engine without turning the key in the usual manner.

**Electric park brake:**

The new-style parking brake allows you to apply and release the brake with a convenient single touch. There's also an auto hold button that when switched on automatically applies the brakes when you stop at say the traffic lights. Then when you turn off the ignition, auto hold automatically puts the handbrake on – clever stuff.

# PERFORMANCE

<b>2.0 PETROL</b>
121 kW / 204 Nm
Combined Fuel Economy 7.5 / 100km

<b>1.7 DIESEL TURBO</b>
104 kW/340 Nm
Combined Fuel Economy 5.1 / 100km

New Zealand roads come with more sudden hills, short straights, winding inclines, steep declines and changing surfaces than just about anywhere in the world. This is where the stunning i40 series II is completely at home. More than just great looks and a long list of features, the effortless performance of the i40 series II is what will keep you smiling every time you climb in.

The i40 series II is available in two new-generation engine choices: the 2.0 litre Nu GDi petrol engine achieves 121kW of power and 204Nm of torque. And the new high powered 1.7 litre Ull diesel engine delivers 104kW of power and a whopping 340Nm of torque.

Designed, engineered and built by Hyundai to produce more power with exceptional fuel economy, these engines are small and lightweight, but supremely durable. Coupled with a 6-speed automatic transmission, both options deliver controlled power and outstanding driving performance.

**Paddle shifters:**

Mounted directly on the steering wheel for auto models, twin paddles are there for true enthusiasts who like to enjoy sporty-style manual shifting.

**Motor Driven Power Steering (MDPS)**

An innovative feature, which adjusts steering feel depending on the speed you're travelling. It's more firm at higher speeds and softer at lower speeds like when you're doing a 3-point turn.

# FINER FEATURES

## FINGERTIP CONTROLS

The i40 series II's multifunction steering wheel puts everything you need at your fingertips. Manage your music, answer and end phone calls, adjust the cruise control and much more.

## HEATED STEERING WHEEL

There's nothing quite like gripping the i40 series II's warm steering wheel on a freezing New Zealand winter's morning. A great feature that's certain to be much appreciated when temperatures are low (Elite Limited model only).

## DAYTIME RUNNING LIGHTS

Daytime LED running lights serve two functions: added safety and elegant design. Standard on all models, they help you stand out from the crowd when cruising, or be better seen in low light conditions.

## FRONT AND REAR HEATED SEATS

So good so far? Well, you could say we're just warming up. i40 series II Elite models boast heated seats for both front and rear passengers, a luxury on most other cars.

## POWER TAILGATE

The power tailgate features one touch opening and closing for new levels of convenience (Elite Limited model only).

## REVERSING CAMERA AND PARKING SENSORS

To help with parking in tight spots, four sensors at the front and rear are automatically activated (Elite models only). A reversing camera on all models seals the deal with a colour image on the rear view mirror.

## PANORAMIC SUNROOF

At the flick of a switch, the motorised roll blinds retract and the dual panoramic sunroof opens up to brighten up the cabin. The sunroof opening is bigger than ever thanks to an innovative three-piece design (Elite Limited model only).

## ISOFIX CHILD SEAT ANCHOR POINTS

The i40 series II is designed to keep Kiwi families as safe as possible, with three tether child seat anchor points in the rear and ISOFIX child seat anchor points on rear outside seats.

## ALLOY WHEELS ACCESSORY OPTIONS

- DTM Convex (titanium) 19"
- Niche Lucerne (black chrome) 19"
- DTM convex (matte black) 19"
- TSW Mallory (matte black) 19"
- DTM Amos (gunmetal) 19"
- DTM Gyro (matte grey) 19"
- BGW Taunt (gunmetal) 19"
- TSW Mallory (silver)

# ACCESSORIES

## CUSTOM TOWBAR

For those who wish to tow a trailer, a robust compact towbar can be custom fitted to your i40 series II if required.

## HEADLIGHT COVER AND BONNET PROTECTOR

Smart, modern, transparent covers are available for extra protection of headlights, turn indicators and to keep the bonnet stone-chip free.

## CUSTOM MAT SET

Protects carpets from wear-and-tear and provides a smart finish to the interior.

## CARGO BARRIER

Fit an optional cargo barrier for safely carrying large loads in the rear of the i40 series II Wagon.

## FRONT AND REAR PARKING SENSORS

This option offers the extra reassurance of parking sensors positioned at the front and rear of the i40 series II entry model. They'll cleverly warn you of an imminent impact. Parking sensors are standard on i40 series II Elite models.

## CARGO LINER

Protect the luggage area from wear and tear when loading and unloading luggage from the boot, while the high lip around the edge of the cargo liner helps contain spills.

## GENUINE ROOF RACK KIT

To top things off, the i40 series II sports an amazingly versatile roof rack kit. Versatile because it includes optional kits that clip on so you can safely carry all sorts of gear from bikes, kayaks, snowboards, skis to sm/med/lge roof boxes.

## STYLE VISORS

A transparent set of four style visors can be individually fitted to each door of the i40 series II, and enables the window to remain open in all weather conditions.

## LOCKABLE FORK MOUNT CYCLE HOLDER

If you're into cycling, then the cycle holder option is more-than-likely right up your street. It allows you to quickly and conveniently secure your bike to the top of the i40 series II so you're back on 4 wheels in no time.

## SNOWBOARD/SKI CARRIER

The easy-to-mount, easy-to-load ski and snowboard attachment is also a must for snow-bound drivers. It keeps your expensive equipment expertly secured – and is once again, stylish in chrome and black.

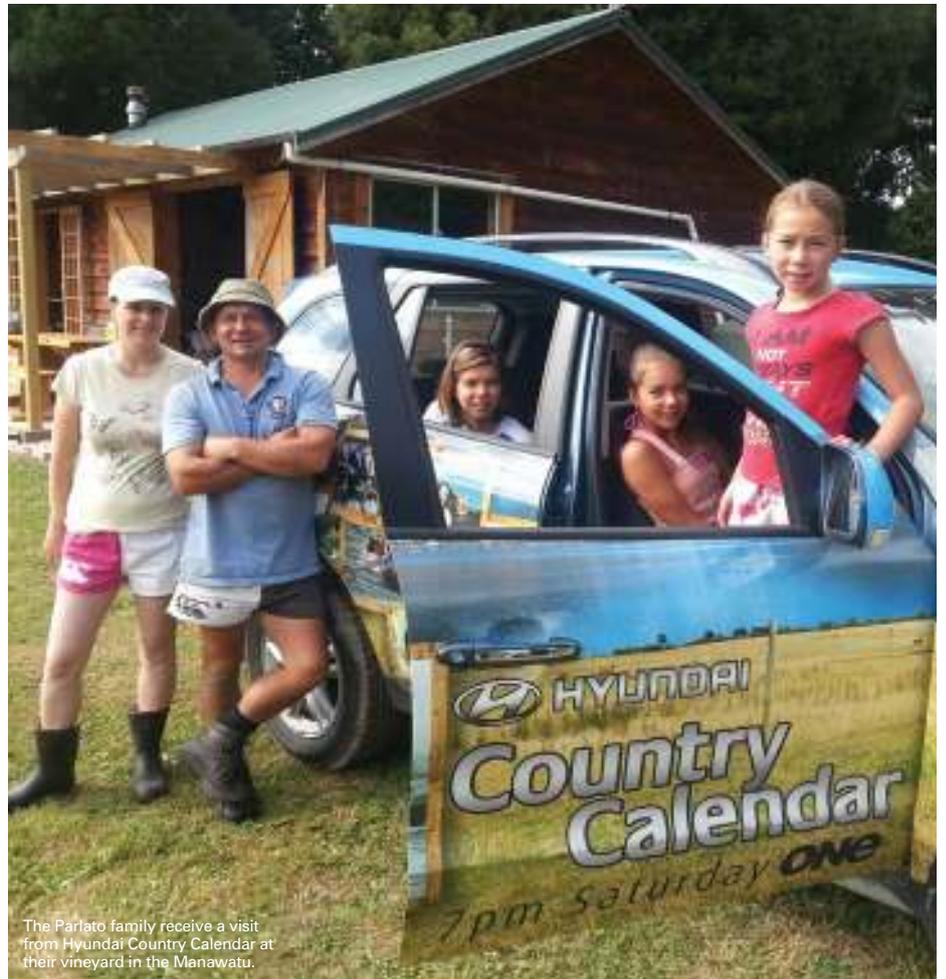

# HYUNDAI'S COMMITMENT TO YOU

## Our Promise

We understand your decision to purchase one of our vehicles is not being made lightly and we thank you for putting Hyundai on your list. We know that by the time you decide which vehicle you want to purchase, you'll have had a good look at what's on offer in the market, and carefully weighed up the pros and cons of each. We hope you make the right decision for yourself. If you do decide to choose Hyundai, that won't be the end, it'll just be the start. Our goal is to live up to the confidence you've shown in us, by giving you the best customer service experience in New Zealand.

We call this the Hyundai Ownership Experience – which is a slightly corporate way of saying “we promise to look after you”.

The Ownership Experience will actually start before you even have the keys in your hand, as your Hyundai dealer takes you through the things you need to know to get the most out of your new vehicle.

The Parlato family receive a visit from Hyundai Country Calendar at their vineyard in the Manawatu.

For Liv's Real Story go to [www.youtube.com](http://www.youtube.com) and search 'Hyundai Real Stories'

## Personal Handover

When you come in to pick up your new Hyundai, your dealer will take you through it from bumper to bumper. They'll show you where everything is and how everything works. They'll make sure you're across all those little things most people forget to ask about, like:

- » How to set up your mobile phone to work with Bluetooth
- » Where the tool kit and spare tyre are
- » How to connect and play your iPod through the audio system
- » Where to find the first aid kit and fire extinguisher

They'll also check there's a full tank of fuel, that the vehicle is spotless inside and out, and that any accessories you specified are fitted just so.

This is also our opportunity to introduce you to the service team, who'll be looking after you in the years to come.

**“HAD A GREAT EXPERIENCE WITH BAYSWATER HASTINGS, TEST DRIVING AND PURCHASING OUR NEW SANTA FE”**

— BAYSWATER HASTINGS HYUNDAI CUSTOMER FROM HASTINGS

## Meet the rest of the family

There's a good reason why your dealer will introduce you to the rest of the family. They're the people entrusted to be hands-on through your Ownership Experience – the team who'll look after you and your vehicle when you come in for scheduled servicing.

There's no charge for the first one, and it happens after the first month on the road. Then it happens every 15,000 km (or yearly) after that.\*

It's always good to be able to put a face to a name. And knowing them means you can call personally to discuss any concerns. Our people are experts at what they do and keen to show you how good they are. It's a pride thing and we encourage it.

## **iQ** Enrich your Hyundai ownership with iQ

Hyundai iQ is an online space designed to make your experience of owning a Hyundai even more seamless. On iQ you'll find practical tools, like the ability to set up reminders for when your next service is due, when your WOF and Road User Charges are about to expire and more. You can even book your next service online, and if you have your vehicle serviced at a Hyundai dealership, your service history records will show in iQ.

Also, if you update your odometer in iQ once in a 6 month period and

## A superb warranty and Roadside Assist

Every new Hyundai is protected by our 3 year / 100,000 km factory warranty. In a nutshell, if there's any manufacturing issues, we'll fix them. But there's more.

Hyundai Roadside Assistance is included as part of our new vehicle warranty. It means if you should have an accident, puncture a tyre or run out of fuel, anywhere in New Zealand, we'll send someone to get you up and running again – 24 hours a day, 365 days a year.

Extending your warranty beyond the factory period can make your ownership experience better yet. It's certainly worth considering. Our extended warranties can later be on-sold with the vehicle, something sure to increase its eventual resale value.

you're eligible, we'll give you free roadside assistance for the following 6 months for free. There's heaps of fun stuff in iQ as well, like free Kiwi song downloads, kids'

audio books for the road, and a growing library of helpful videos for you to enjoy - and it can all be done on your computer, smartphone or tablet.

Join as an owner or non-owner and share your opinion about your Hyundai, or ask questions of existing owners about what it's like to own one. To sign up, simply visit [www.hyundai.co.nz/iQ](http://www.hyundai.co.nz/iQ) and complete the simple registration process. We look forward to having you in the iQ community!

[www.hyundai.co.nz/iQ](http://www.hyundai.co.nz/iQ)

## Servicing from trained Hyundai experts

Regular scheduled servicing within our network has real benefits.

Our specialist technicians use Hyundai diagnostic equipment to spot things that may be missed by the untrained eye.

We use genuine Hyundai parts, of course. These parts are built and tested to be specifically correct for your vehicle and are covered by a 1 year / 20,000 km warranty.

Your safety and the safety of your passengers are our number one priority. We can't vouch for the safety or performance of non-Hyundai parts. They have to be only slightly off or incorrectly installed and the integrity of your vehicle will be compromised.

If the cost of servicing is a concern for you, committing to a pre-paid service contract from day one will cost you less in the long run. You can sign up for these to cover your servicing needs for every service interval, which is every 15,000 km or yearly (whichever happens first).\* You can do this for as many years as you want, and they're available for any Hyundai, no matter how old.

Future New Zealand leaders as part of the Pinnacle Programme spend 21 days on New Zealand's iconic Outward Bound programme in Anakiwa, at the top of the South Island.

## The Pinnacle Programme

The Pinnacle Programme is a unique scholarship, backed by Hyundai New Zealand, which provides talented young New Zealanders between the ages of 15 and 18 with the foundations for future success. The Programme is open to young kiwis with talent in all areas of endeavors, including, but not limited to, art, sport, science and business.

If you're a New Zealander that fits this criteria or if you know a young kiwi who could be suitable for the Programme, please join us on [www.pinnacleprogramme.co.nz](http://www.pinnacleprogramme.co.nz)

## Insurance

Our insurance offering is part of Hyundai's commitment to improving your ownership experience.

Hyundai Insurance offers several exclusive benefits not available with other motor vehicle policies. For example, if your Hyundai is still in factory warranty, was purchased from a Hyundai dealer in New Zealand and is damaged beyond repair, we'll replace it with a brand new one\*.

There's no excess if your windows are broken, and we'll even cover up to \$1,500 for the trailer you were towing if that's damaged\*.

You can be sure only guaranteed, genuine Hyundai parts will be used in repairs\*\*, and that only approved repairers will be working on your vehicle.

We also offer a Hyundai Insurance specific 24 hour assistance number: 0800 123 266.

\*See your Hyundai dealer for full terms and conditions.  
\*\*Applies to new vehicles for five years.

Watch Ruby's story on [www.familytimeproject.co.nz](http://www.familytimeproject.co.nz)

## The Hyundai Family Time Project

Kiwi families are busier than ever. We have less time for each other than we had a generation ago. We're certainly working longer hours.

We did some research and found that 50% of New Zealanders say work commitments are reducing the amount of time spent with their families and 30% believe work is eating into precious weekend time together.

This is not ideal, so Hyundai New Zealand has come up with an ambitious plan to help make things right. It's called the Hyundai Family Time Project and its

goal is to remind New Zealanders of the importance of every single hour they spend with their families.

To launch the project we gave away a year of family time and we'll be continuing to explore new opportunities to help and encourage Kiwi families to make the most of their time together. Visit [www.familytimeproject.co.nz](http://www.familytimeproject.co.nz) to learn more.

**“THE SERVICE AT INGHAM HYUNDAI IS SECOND TO NONE. THE STAFF ARE HELPFUL, FRIENDLY, CARING AND VERY INFORMATIVE”**

— INGHAM HYUNDAI CUSTOMER FROM HAMILTON

The Spirit of New Zealand sailing off the coast of Northland with the next generation of New Zealand leaders

We've actively supported Surfing and the National Agricultural Fieldays for quite some time. We also sponsor Country Calendar, put money into NZ sailing, and are major sponsors of the Spirit of Adventure Trust.

Our sponsorships allow us to offer customers the chance to join us as VIP guests at many of our events, including on board the Spirit of New Zealand and at Fieldays. Look out for these invites from time to time.

The Hyundai Experience will continue to grow and expand. We really want to give you the most rewarding experience you've ever had with a company.

We are Hyundai New Zealand, with the emphasis proudly on New Zealand.

## Hyundai Ambassador Team

Speaking of 0800 numbers, if you dial 0800 HYUNDAI (498 632), you'll be talking directly to one of our Hyundai Ambassador Team members in New Zealand. We operate a local call centre. Our team are trained to support you with any concerns, and they'll be able to help you out with anything you need them to.

We respond to every request, no matter how big or small, as quickly as we can. That's the New Zealand way of doing things, and it's our way too.

If it's an emergency you'll be put straight through to our Roadside Assistance people, who're trained to deal with this situation and will get someone out to you as quickly as possible if that is what is required.

## In the company of Kiwis

The Hyundai brand has grown rapidly into a global auto industry powerhouse. But first and foremost, Hyundai New Zealand is a New Zealand company.

All our dealerships – and Hyundai's head office – are 100% owned and operated by New Zealanders. That's something we're pretty proud of.

This structure gives you the best of both worlds. The benefits of global resources and the huge investment in Research & Development that Hyundai makes, combined with our local commitment and understanding.

We're also very aware of what it means to be a New Zealand company. Our commitment to being a good Kiwi citizen starts with our treatment of customers and extends out into their communities.

Hyundai Country Calendar visits Doug Avery and his mates on his North Island farm for a yarn.

## Weights and Capacities:

Fuel tank capacity (litres)	70	70	70	70	70	70	70	70
Boot capacity (VDA litres) - seats up	505	505	505	534	534	534	534	534
Boot capacity (VDA litres) - seats down	1,672	1,672	1,672	1,719	1,719	1,719	1,719	1,719
Kerb weight (kg) lightest / heaviest	1,441 / 1,594	1,524 / 1,661	1,524 / 1,661	1,539 / 1,692	1,441 / 1,594	1,493 / 1,650	1,539 / 1,692	1,539 / 1,692
Max. gross vehicle weight (kg)	2,080	2,100	2,100	2,150	2,080	2,080	2,150	2,150
Towing capacity - braked (kg)	1,500	1,500	1,500	1,500	1,500	1,500	1,500	1,500
Towing capacity - unbraked (kg)	700	700	700	700	700	700	700	700

## Exterior Dimensions:

Wheelbase (mm)	2,770	2,770	2,770	2,770	2,770	2,770	2,770	2,770
Overall length (mm)	4,745	4,745	4,745	4,775	4,775	4,775	4,775	4,775
Overall width (mm)	1,815	1,815	1,815	1,815	1,815	1,815	1,815	1,815
Overall height (mm)	1,470	1,470	1,470	1,470	1,470	1,470	1,470	1,470
Wheel track front / rear (mm)	1,591 / 1,597	1,591 / 1,597	1,591 / 1,597	1,591 / 1,597	1,591 / 1,597	1,591 / 1,597	1,591 / 1,597	1,591 / 1,597
Overhang front / rear (mm)	925 / 1050	925 / 1050	925 / 1050	925 / 1,080	925 / 1,080	925 / 1,080	925 / 1,080	925 / 1,080
Minimum ground clearance (mm)	140	140	140	140	140	140	140	140

## Sustainability:

Combined fuel economy (litres / 100km)*	7.5	5.1	5.1	5.1	7.5	7.5	5.1	5.1
---	-----	-----	-----	-----	-----	-----	-----	-----

## Warranties:

10 year / 200,000 km anti perforation corrosion body warranty	●	●	●	●	●	●	●	●
3 year / 100,000 km mechanical warranty	●	●	●	●	●	●	●	●
3 year / 100,000 km roadside assistance package	●	●	●	●	●	●	●	●

● : Standard - : Not available

Specifications, features, equipment and colours shown in this brochure are subject to change without notice or obligation.

\*Fuel consumption figures are based on combined ADR 81/02 tests and factory information. These figures are provided to assist you in comparing the fuel consumption of the i40 series II range with other vehicles. The actual fuel consumption will depend, however, on many factors, including your driving habits, the prevailing conditions and your vehicle's equipment, condition and use. \*\*Finishes specified as leather contain a combination of genuine leather, polyurethane leather (leather substitute) and man-made materials.

## COLOUR RANGE

### Exterior Colour

Sleek Silver

Red Merlot

Titanium Silver

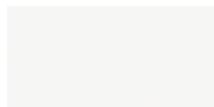

White Crystal

Available on Elite models only.

Phantom Black

Creamy White

Available on entry models only.

### Interior Colour

Black Cloth

Black Leather\*\*

Note: Colours subject to availability, some colour and trim combinations available through indent order only. Use colours as a guide only, they may vary slightly due to printing processes.
