WELCOME TO THE ACCENT

Get ready to stand out from the crowd. The Hyundai Accent hatch offers all the convenience and manoeuvrability you'd expect from a small car. What sets this smart little vehicle apart is that it's packed with state-of-the-art technologies, luxury features and advanced levels of comfort.

A comprehensive range of active safety features provides the highest levels of safety for driver and passenger. Spirited 1.6L engine options produce all the power you need, with excellent fuel economy and low emissions. There's even a choice of automatic or manual transmissions to suit your preferred driving style, including the new 6-speed auto transmission on the Elite model.

The Accent is roomy for its size too. And its modern, aerodynamic profile is guaranteed to turn heads around town. In fact, you could say that the Hyundai Accent is the new benchmark in urban class.

ACCENT

EXTERIOR

The Accent is no inner-city poser. This is one car that looks like it's going places. Front on, it is strong and purposeful, further emphasised by foglights (Elite model only) blended in as part of the overall bodywork and the striking chrome of the radiator grille. The headlights, with aluminum housing curve harmoniously into the sides to continue the Accent's rakish, sporty image. Stylish alloy wheels help to continue the aerodynamic flow, while around the back, the modern look is completed by a distinctive rear bumper and taillight design. Add to this a generous hatch width and extra touches such as body-coloured heated side mirrors, and you begin to see why the Accent is so much more than just urban good looks.

Alloy wheels:

When you first look at the Accent, you may find your eyes being drawn to the ground. And that's okay. The Accent's distinctive 16-inch alloy wheel options provide great style, with two designs to choose from on entry and Elite models.

Rear spoiler with integrated high mounted stop light:

The fluid styling of the Hyundai Accent extends all the way to the rear spoiler and its unique, aerodynamic design. So it doesn't just look good - it also helps you glide down the road more smoothly (Elite model only).

Foglights:

Front foglights are standard on the Elite model and give you safer driving during difficult visibility.

INTERIOR

Space is key for any small car, and thanks to its longer wheelbase the Accent has it in droves. Inside, the feeling of space is instantly impressive. But it's the legroom that really stretches the gap – like being upgraded from economy to business class. In fact whether you're behind the wheel, a backseat driver or lucky enough to be riding shotgun, the spacious interior of the Accent offers comfort and refinement at every level. Listen to your favourite music loud and clear with Accent's advanced audio system, complete with integrated Bluetooth and input to connect your iPod or Smartphone. Store items everywhere with cleverly designed trays, cup holders and compartments to fit in with your life. And of course being a hatch, there's a substantial 370 (VDA) litres of boot space to load up all your bags for any trip.

Height adjustable front and rear headrests:

To make your journeys more comfortable, the headrests of the Accent are adjustable – up and down – raising to suit the seat occupant's head level.

More space:

Split folding rear seats make room for more luggage, or larger household purchases once the seats are folded down. With all seats upright there's still 370 (VDA) litres of luggage space.

One touch triple turn indicators:

Here's another nice touch. When you're changing lanes, the Accent signals the right direction with one-touch triple turn indicators.

Automatic climate control air-conditioning:

The fully auto air-conditioning system on the Elite model means you can set the desired car temperature and let the system take care of the rest, ensuring interior climate that is always as you like it. Manual air-conditioning on entry models with 4-speed blower control enables you to adjust the temperature manually to your preference.

Supervision cluster:

The new Liquid Crystal Display, nestled in the centre of the gauge cluster uses Thin Film Transistor (TFT) technology to provide a wide range of useful information in brilliant colour (Elite model only).

SAFETY

Safety is at the heart of every Hyundai vehicle, and the Accent is no exception. The high tensile, reinforced steel frame is just the starting point. The Accent also delivers high levels of advanced active and passive safety technologies to ensure maximum protection for you and your passengers. This includes Hyundai's innovative Vehicle Stability Management (VSM) system to help keep you safer on the road, no matter the road conditions. Anti-lock Braking System (ABS) with Electronic Brake-Force Distribution (EBD) and Brake Assist (BAS) also come as standard, as do six airbags. All of which adds up to a 5-star ANCAP safety rating, the highest possible rating for a motor vehicle in New Zealand.

Airbags and active head restraints:

To ensure you and your passengers are fully protected in the unlikely event of a collision; we've installed plenty of interior safety equipment into the Accent. There are six airbags, along with supportive active front head restraints that actually move up and forward in the event of a rear-end collision. This helps reduce whiplash-style injuries.

Electronic Stability Control (ESC):

The Accent's ESC system continuously monitors vehicle directional stability and tyre traction. If the system senses the car is about to skid and risks spinning out of control, ESC automatically intervenes applying the brakes over individual wheels to prevent loss of directional control.

Vehicle Stability Management (VSM):

The Vehicle Stability Management (VSM) system detects grip levels on mixed surfaces and applies steering and brake assistance to maintain traction and stability.

Reversing camera:

See exactly where (and what) you're backing into on the Elite model. A cleverly hidden camera in the rear sends images to an LCD screen built into the rear view mirror. It makes parking much easier as well as improving convenience and safety. And forget 'touch' parking and scraping curbs. Reversing sensors also warn you about the proximity of objects when reversing (Elite model only).

ABS Braking with Electronic Brake-Force Distribution (EBD) and Brake Assist (BAS):

Active safety features constantly monitor the road conditions and adjust accordingly. Brake Assist (BAS) and Anti-lock brakes (ABS) help you maintain control when braking, while Electronic Brake-Force Distribution (EBD) applies the optimum pressure to individual brakes in all braking situations.

Child seat anchor points:

The Accent is designed to keep Kiwi families as safe as possible, with tether child seat anchor points in the rear and ISOFIX child seat anchor points on rear outside seats as well.

5-star ANCAP safety rating:

The Hyundai Accent has been tested and awarded the highest possible safety rating for adult occupant protection in a passenger vehicle, 5-stars.

TECHNOLOGY

The Hyundai Accent may be compact, but it's jam-packed with smart features to make life effortless. Everything you need is quite literally at your fingertips. Control the audio system, change the radio station and answer phone calls without removing your hands from the steering wheel. Stream your music wirelessly, or plug and play with your iPod. Enjoy cruise control for longer distances on the Elite model. And turn the engine on and off at the touch of a button (Elite model only). The Accent thinks of everything, practically.

Proximity key and Smart Lighting System:

With the proximity key in your pocket, the Accent recognises you and with the touch of a button on the door handle, the Accent unlocks itself without you needing to use the key (Elite model only). The smart lighting system on the Elite model keeps the lights on long enough so you can find your way in the dark.

Push button start:

The Accent also features a push button start, so you can start the engine without turning a key in the usual manner (Elite model only).

iPod connectivity:

Stay connected. Plug your iPod, smartphone or personal music player straight into the audio system and listen to your music when and wherever. Just as easy (and with safety in mind), the steering wheel mounted controls mean you can select a song, mute and change the volume – all without taking your hands off the wheel. The Accent also allows you to stream your music wirelessly over the Bluetooth connection from your smartphone or Bluetooth enabled music device, so you've got plenty of options to get the most out of your music collection.

Bluetooth handsfree phone system:

Bluetooth handsfree is available on all Accent models and means you can safely talk on your phone while driving. The system in the Accent is driven through the stereo and works with most Bluetooth enabled phones, with the ability to answer and end calls using the steering wheel mounted controls.

Cruise control:

Cruise control means you can relax whilst maintaining a constant speed, ideal for open road driving, and again, you can control this all from your steering wheel (Elite model only).

Audio system:

Sounds great. Listen to your favorite music loud and clear with the Accent Elite's six speaker audio system. All models feature iPod connectivity, integrated Bluetooth audio streaming and auxiliary input.

Automatic dusk sensing headlights:

This, is truly enlightened technology. Auto dusk sensing headlights on the Elite model turn on as the light fades. And because there's an over-ride switch – you can keep control should you wish. Otherwise, leave it to the light sensitive exterior sensors to recognise lowering light levels and automatically turn the headlights on when you need them.

PERFORMANCE

The Hyundai Accent keeps the pace going under the bonnet. On the Elite model, a new high performance, low emission GDi petrol engine option delivers 103 kW of power and 167 Nm of torque for a more powerful ride. This model also boasts a 6-speed automatic transmission for better control through the gears and a smoother drive.

Fuel consumption across the range is low, very low – from just 6.1 litres per 100km* – so even on fuel thirsty trips around town, the Accent makes the most of every drop. And did we mention, it's fun to drive too.

Tuned suspension:

The Accent suspension package has been specifically tuned for Australasian road conditions. Thousands of kilometres covered over a variety of road conditions have resulted in the perfect suspension setup for whatever the terrain might throw at you.

ECO system:

Look after the environment as you enjoy the drive. The Accent's ECO indicator light will illuminate when you drive with higher fuel efficiency to remind you to take it easy (available on automatic models only).

Speed sensitive steering:

An innovative feature for a small car - speed sensitive, motor-driven power steering adjusts steering feel depending on the speed you're traveling. More firm at higher speeds and softer at lower speeds, like when you're doing a 3-point turn.

Manual or auto transmissions:

Hyundai has engineered the new Accent's transmissions so that they make use of every drop of fuel. There's the new 6-speed automatic transmission on the Elite model, and on entry models you have the choice of a 4-speed auto or a 6-speed manual. The two automatic transmissions feature HIVEC (Hyundai Intelligent Vehicle Electronic Control), with overdrive and lock-up converter, which adapt to your driving style.

FINER FEATURES

SUPERVISION CLUSTER

Designed to be bright and easily readable, yet attractive and stylish. The supervision cluster also reduces fatigue on the eyes with the addition of soft blue lighting (Elite model only).

USB/IPOD CONNECTIVITY

Enjoy your favourite music via USB, your iPod or Bluetooth streaming through the Accent's stereo system.

REVERSING CAMERA AND REVERSING SENSORS

To help with parking in tight spots, four sensors at the rear are automatically activated and a reversing camera seals the deal with a colour image on the rear view mirror (Elite model only).

STEERING WHEEL MOUNTED CONTROLS

Steering wheel mounted audio including seek-and-skip function, cruise controls (Elite model only) and Bluetooth pick up / hang up are conveniently placed at your fingertips so you don't take your eyes off the road.

CLIMATE CONTROL AIR-CONDITIONING

Just dial up your personal comfort zone for any journey, the climate control air-conditioning means staying cool is something you won't even have to think about (Elite model only).

BLUETOOTH AUDIO STREAMING

Stream music through the Accent's audio system directly from your Bluetooth enabled mobile phone or Bluetooth enabled audio device.

PUSH BUTTON START

Proximity key technology enables you to lock and unlock your Accent Elite without taking the key from your pocket or bag. Similarly, the push button start allows you to turn on the ignition without having to insert the key (Elite model only).

INDICATORS IN SIDE MIRRORS

Side mirror mounted indicators feature on the Elite model and help with visibility and a stylish look when changing lanes. (available on automatic entry and Elite models only)

ALLOY WHEELS ACCESSORY OPTIONS

From left to right
DTM Vivid Silver 17"
DTM GTR Black 17"
Diezel Junno Silver 17"
Diezel Osaka Silver 17"

ACCESSORIES

CUSTOM TOWBAR

For those who wish to tow a trailer, a robust compact towbar can be custom fitted to your Accent if required.

HEADLIGHT COVER AND BONNET PROTECTOR

Smart, modern, transparent covers are available for extra protection of headlights, turn indicators and to keep the bonnet stone-chip free.

FRONT PARKING SENSORS

This option offers the extra reassurance of parking sensors positioned at the front of the Accent. They'll cleverly warn you of an imminent impact even if you can't quite see what's in front of you.

REVERSING SENSORS

There are four sensors embedded in the rear bumper, which sound an alarm to warn the driver about the proximity of objects when reversing (reversing sensors are standard on Elite model).

CUSTOM MAT SET

Protects carpets from wear-and-tear and provides a smart finish to the interior.

CARGO LINER

Protect the luggage area from wear and tear when loading and unloading luggage from the boot, while the high lip around the edge of the cargo liner helps contain spills.

STYLE VISORS

A transparent set of four style visors can be individually fitted to each door of the Accent, and enables the window to remain open in all weather conditions.

GENUINE ROOF RACK KIT

To top things off, the Accent sports an amazingly versatile roof rack kit. Versatile because it includes optional kits that clip on so you can safely carry all sorts of gear from bikes, kayaks, snowboards, skis to sm/med/lge roof boxes.

LOCKABLE BIKE HOLDER

If you're into cycling, then the bike carrier option is more-than-likely right up your street. It allows you to quickly and conveniently secure your bike to the top of the Accent without having to remove any wheels, so you're back on 4 wheels in no time.

SNOWBOARD/SKI CARRIER

The easy-to-mount, easy-to-load ski and snowboard attachment is also a must for snow-bound drivers. It keeps your expensive equipment expertly secured – and is once again, stylish in chrome and black.

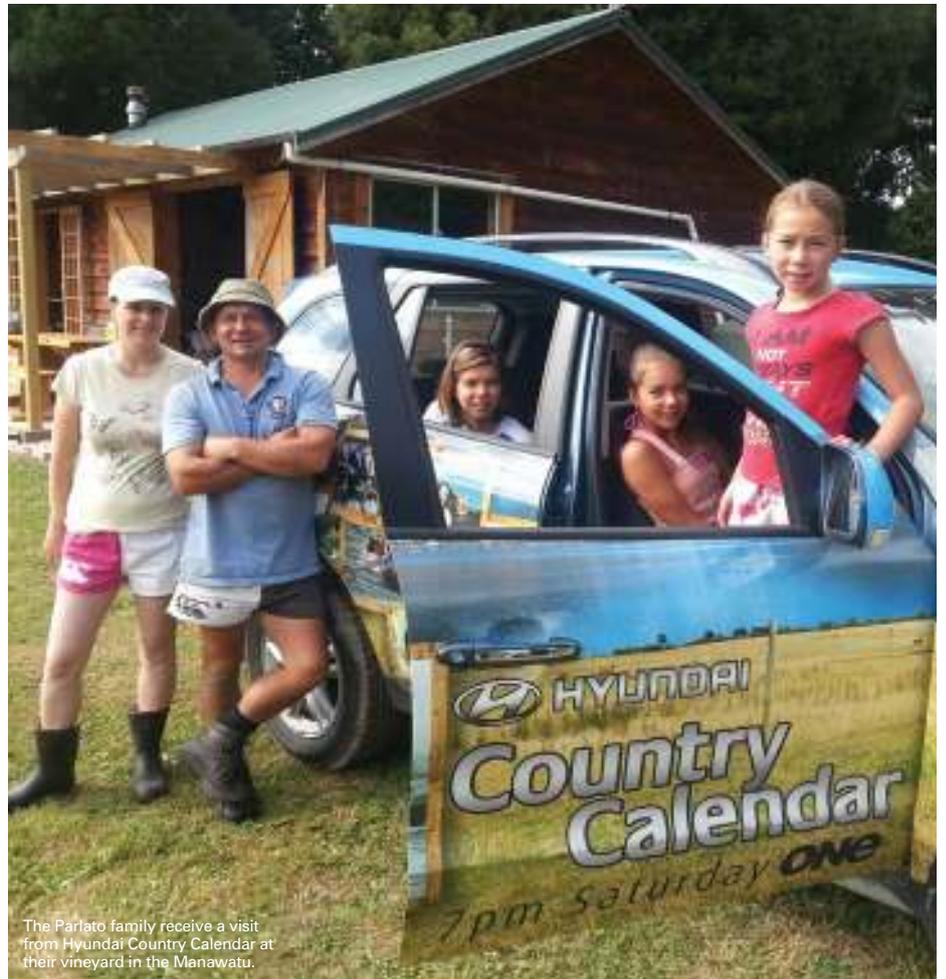

HYUNDAI'S COMMITMENT TO YOU

Our Promise

We understand your decision to purchase one of our vehicles is not being made lightly and we thank you for putting Hyundai on your list. We know that by the time you decide which vehicle you want to purchase, you'll have had a good look at what's on offer in the market, and carefully weighed up the pros and cons of each. We hope you make the right decision for yourself. If you do decide to choose Hyundai, that won't be the end, it'll just be the start. Our goal is to live up to the confidence you've shown in us, by giving you the best customer service experience in New Zealand.

We call this the Hyundai Ownership Experience – which is a slightly corporate way of saying “we promise to look after you”.

The Ownership Experience will actually start before you even have the keys in your hand, as your Hyundai dealer takes you through the things you need to know to get the most out of your new vehicle.

The Parlato family receive a visit from Hyundai Country Calendar at their vineyard in the Manawatu.

For Liv's Real Story go to www.youtube.com and search 'Hyundai Real Stories'

Personal Handover

When you come in to pick up your new Hyundai, your dealer will take you through it from bumper to bumper. They'll show you where everything is and how everything works. They'll make sure you're across all those little things most people forget to ask about, like:

- » How to set up your mobile phone to work with Bluetooth
- » Where the tool kit and spare tyre are
- » How to connect and play your iPod through the audio system
- » Where to find the first aid kit and fire extinguisher

They'll also check there's a full tank of fuel, that the vehicle is spotless inside and out, and that any accessories you specified are fitted just so.

This is also our opportunity to introduce you to the service team, who'll be looking after you in the years to come.

“PLENTY OF CHOICES, FRIENDLY STAFF, PLENTY OF INFORMATION AVAILABLE ABOUT THE VEHICLES”

— ROBBIE BAXTER HYUNDAI CUSTOMER FROM INVERCARGILL

Meet the rest of the family

There's a good reason why your dealer will introduce you to the rest of the family. They're the people entrusted to be hands-on through your Ownership Experience – the team who'll look after you and your vehicle when you come in for scheduled servicing.

There's no charge for the first one, and it happens after the first month on the road. Then it happens every 15,000 km (or yearly) after that.*

It's always good to be able to put a face to a name. And knowing them means you can call personally to discuss any concerns. Our people are experts at what they do and keen to show you how good they are. It's a pride thing and we encourage it.

iQ Enrich your Hyundai ownership with iQ

Hyundai iQ is an online space designed to make your experience of owning a Hyundai even more seamless. On iQ you'll find practical tools, like the ability to set up reminders for when your next service is due, when your WOF and Road User Charges are about to expire and more. You can even book your next service online, and if you have your vehicle serviced at a Hyundai dealership, your service history records will show in iQ.

Also, if you update your odometer in iQ once in a 6 month period and you're

A superb warranty and Roadside Assist

Every new Hyundai is protected by our 3 year / 100,000 km factory warranty. In a nutshell, if there's any manufacturing issues, we'll fix them. But there's more.

Hyundai Roadside Assistance is included as part of our new vehicle warranty. It means if you should have an accident, puncture a tyre or run out of fuel, anywhere in New Zealand, we'll send someone to get you up and running again – 24 hours a day, 365 days a year.

Extending your warranty beyond the factory period can make your ownership experience better yet. It's certainly worth considering. Our extended warranties can later be on-sold with the vehicle, something sure to increase its eventual resale value.

eligible, we'll give you free roadside assistance for the following 6 months for free. There's heaps of fun stuff in iQ as well, like free Kiwi song downloads, kids' audio books for the road, and a growing library of helpful videos for you to enjoy and special rewards for our customers. This can all be done on your computer, smartphone or tablet.

Join as an owner or non-owner and share your opinion about your Hyundai, or ask questions of existing owners about what it's like to own one. To sign up, simply visit www.hyundai.co.nz/iQ and complete the simple registration process. We look forward to having you in the iQ community!

Servicing from trained Hyundai experts

Regular scheduled servicing within our network has real benefits.

Our specialist technicians use Hyundai diagnostic equipment to spot things that may be missed by the untrained eye.

We use genuine Hyundai parts, of course. These parts are built and tested to be specifically correct for your vehicle and are covered by a 1 year / 20,000 km warranty.

Your safety and the safety of your passengers are our number one priority. We can't vouch for the safety or performance of non-Hyundai parts. They have to be only slightly off or incorrectly installed and the integrity of your vehicle will be compromised.

If the cost of servicing is a concern for you, committing to a pre-paid service contract from day one will cost you less in the long run. You can sign up for these to cover your servicing needs for every service interval, which is every 15,000 km or yearly (whichever happens first).* You can do this for as many years as you want, and they're available for any Hyundai, no matter how old.

Future New Zealand leaders as part of the Pinnacle Programme spend 21 days on New Zealand's iconic Outward Bound programme in Anakiwa, at the top of the South Island.

The Pinnacle Programme

The Pinnacle Programme is a unique scholarship, backed by Hyundai New Zealand, which provides talented young New Zealanders between the ages of 15 and 18 with the foundations for future success. The Programme is open to young kiwis with talent in all areas of endeavors, including, but not limited to, art, sport, science and business.

If you're a New Zealander that fits this criteria or if you know a young kiwi who could be suitable for the Programme, please join us on www.pinnacleprogramme.co.nz

Watch Ruby's story on www.familytimeproject.co.nz

Hyundai Insurance

Our insurance offering is part of Hyundai's commitment to improving your ownership experience.

Hyundai Insurance offers several exclusive benefits not available with other motor vehicle policies. For example, if your Hyundai is still in factory warranty, was purchased from a Hyundai dealer in New Zealand and is damaged beyond repair, we'll replace it with a brand new one*.

There's no excess if your windows are broken, and we'll even cover up to \$1,500 for the trailer you were towing if that's damaged*.

You can be sure only guaranteed, genuine Hyundai parts will be used in repairs**, and that only approved repairers will be working on your vehicle.

We also offer a Hyundai Insurance specific 24 hour assistance number: 0800 123 266.

*See your Hyundai dealer for full terms and conditions.
**Applies to new vehicles for five years.

The Hyundai Family Time Project

Kiwi families are busier than ever. We have less time for each other than we had a generation ago. We're certainly working longer hours.

We did some research and found that 50% of New Zealanders say work commitments are reducing the amount of time spent with their families and 30% believe work is eating into precious weekend time together.

This is not ideal, so Hyundai New Zealand has come up with an ambitious plan to help make things right. It's called the Hyundai Family Time Project and its goal is to remind New Zealanders of the importance of every single hour they spend with their families.

To launch the project we gave away a year of family time and we'll be continuing to explore new opportunities to help and encourage Kiwi families to make the most of their time together. Visit www.familytimeproject.co.nz to learn more.

“ABSOLUTELY THRILLED WITH THE SERVICE RECEIVED FROM IC MOTORS. ESPECIALLY LIKED BEING TAKEN TO MEET THE SERVICE DEPARTMENT. GREAT EXPERIENCE, AND LOVING THE NEW CAR. THANK YOU”

— IC MOTOR GROUP HYUNDAI CUSTOMER FROM WHANGAREI

WWW.FAMILYTIMEPROJECT.CO.NZ | WWW.PINNACLEPROGRAMME.CO.NZ

**SPIRIT OF
ADVENTURE
TRUST**

The Spirit of New Zealand sailing off the coast of Northland with the next generation of New Zealand leaders

We've actively supported Surfing and the National Agricultural Fieldays for quite some time. We also sponsor Country Calendar, put money into NZ sailing, and are major sponsors of the Spirit of Adventure Trust.

Our sponsorships allow us to offer customers the chance to join us as VIP guests at many of our events, including on board the Spirit of New Zealand and at Fieldays. Look out for these invites from time to time.

The Hyundai Experience will continue to grow and expand. We really want to give you the most rewarding experience you've ever had with a company.

We are Hyundai New Zealand, with the emphasis proudly on New Zealand.

Hyundai Ambassador Team

Speaking of 0800 numbers, if you dial 0800 HYUNDAI (498 632), you'll be talking directly to one of our Hyundai Ambassador Team members in New Zealand. We operate a local call centre. Our team are trained to support you with any concerns, and they'll be able to help you out with anything you need them to.

We respond to every request, no matter how big or small, as quickly as we can. That's the New Zealand way of doing things, and it's our way too.

If it's an emergency you'll be put straight through to our Roadside Assistance people, who're trained to deal with this situation and will get someone out to you as quickly as possible if that is what is required.

In the company of Kiwis

The Hyundai brand has grown rapidly into a global auto industry powerhouse. But first and foremost, Hyundai New Zealand is a New Zealand company.

All our dealerships – and Hyundai's head office – are 100% owned and operated by New Zealanders. That's something we're pretty proud of.

This structure gives you the best of both worlds. The benefits of global resources and the huge investment in Research & Development that Hyundai makes, combined with our local commitment and understanding.

We're also very aware of what it means to be a New Zealand company. Our commitment to being a good Kiwi citizen starts with our treatment of customers and extends out into their communities.

Hyundai Country Calendar visits Doug Avery and his mates on his North Island farm for a yarn.

“GARY - FROM DAY ONE TO DELIVERY, THE WHOLE EXPERIENCE WAS OVER AND ABOVE WHAT I HAVE BEEN USED TO”

— HYUNDAI WAIRARAPA CUSTOMER FROM MASTERTON

3 year / 100,000 km roadside assistance package	●	●	●
●: Standard -: Not Available			
<p>Specifications, features, equipment and colours shown in this brochure are subject to change without notice or obligation. *Fuel consumption figures are based on ADR 81/02 tests and factory information. These figures are provided to assist you in comparing the fuel consumption of the Accent range with other vehicles. The actual fuel consumption will depend on many factors, including your driving habits, the prevailing conditions and your vehicle's equipment, condition and use. **Finishes specified as leather contain a combination of genuine leather, polyurethane leather (leather substitute) and man-made materials.</p>
