Sport

Way of Life!

LEANER, MEANER, SWIFTER

In a different league from anything else on the road, the third generation Swift Sport builds on the legend and takes the 'hot hatch' ethos to even greater heights. With its lightweight HEARTECT platform and lower, wider stance it is sure-footed, agile and precise. Swift Sport's BoosterJet turbo engine is a masterpiece, combining power, authority, and ruthless efficiency. Its nuanced handling, superb road-feel and abundant torque make it an utterly compelling, exhilarating drive that's leaner, meaner and Swifter than ever before.

LEANER: Just 970kg – 90kg lighter than previous 6MT model
MEANER: 103kW of power, 230Nm of torque
SWIFTER: Engineered from the ground up for pure performance

As well as a range of other colours, Swift Sport is available in Champion Yellow – a badge of honour acknowledging Suzuki's enormously successful Junior World Rally Championship campaigns.

THE HOT HATCH WITH STYLE

Assertive angles and quicksilver curves – there's no mistaking the iconic Swift Sport design. Aggressive styling evolved over years of competition success has been ramped up, reimagined and refined. Between angular crystalline headlamps, the new honeycomb grille hints of the potent performance within. The low, planted stance with aerodynamic skirts and unique rear spoiler evokes a true thoroughbred ready to race. Clever refinements including hidden rear door handles and privacy glass give Swift Sport the sleek, uninterrupted look of a coupé, while twin exhausts, rear diffuser and carbon fibre-look highlights show that it means business. Black and polished alloy wheels with a diamond-cut design are also unique to the Sport.

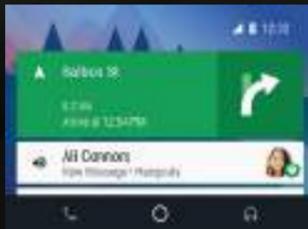

ULTIMATE CONTROL, INSTANT FEEDBACK

Swift Sport is laser-focused on delivering the ultimate experience to the driver – and nowhere is this more evident than in the cockpit. With meticulous design, quality components and an intuitive layout, the car is transformed into a natural extension of your body. The dimpled, D-shaped steering wheel, premium competition-style shifter, and alloy pedals respond so accurately it's almost as if your thoughts become action. Controls feel substantial, while gauges are logically placed and designed to be read at a glance. The fascia features a prominent speedometer and red-highlighted tachometer along with turbo boost and oil temperature readouts. In the centre there's a 7-inch multi-media display with air-con controls below. It's a symphony of piano black, striking silver and carbon grey, punctuated by deep red gradations and highlights.

INFORMATION, ENTERTAINMENT, AND CONNECTIVITY

Swift Sport's 7-inch touchscreen display comes with a built-in reversing camera to help you park and back-up safely. It also gives you intuitive access to a range of multimedia features including audio, hands-free phone, navigation, and smartphone integration.

APPLE CARPLAY allows you to connect your compatible iPhone via USB. Then you can make phone calls, access your music, send and receive messages, and get directions using voice command or touchscreen.

ANDROID AUTO™ puts Google Maps™, Google Search™ and other Google services at your fingertips.

AUTO AIR CONDITIONING

A high-contrast mono LCD display makes it easy to set the automatic air conditioner so you can keep your cool even when things get heated.

HANDS FREE CALLING

Bluetooth® connectivity allows you to answer calls while you're driving, without moving your hands from the wheel or your attention from the road.

CRUISE CONTROL AND SPEED LIMITER

For longer journeys on the open road there's Adaptive Cruise Control which maintains your speed relative to vehicles ahead using millimetre wave radar technology. The speed limiter allows you to set a maximum speed for safe driving.

KEYLESS ENTRY AND START

Unlock your ride simply by pressing the button on the door handle, and start the car with the key still safely in your pocket.

EXCLUSIVE SPORT CONTROLS

A dimpled flat-bottom steering wheel and gleaming alloy pedals reflect Swift Sport's competitive pedigree. Both the auto and manual versions have exclusive sport-style shift lever designs with red double-stitching on the boot.

For more information and to check the compatibility of your device with any of the different technologies, please visit the relevant website for Apple CarPlay.® Apple CarPlay® is a registered trademark of Apple Inc. Android Auto™ is a trademark of Google Inc.

THE SEAT OF POWER

This is your domain – where you push your limits, cut loose and have fun, or just sit back and enjoy the drive. Swift Sport's interior echoes its purposeful controls with embossed logos and red stitching framed by rich red-black carbon-fibre patterned surfaces. Exclusive semi-bucket seats incorporate lightweight tubular frames to hold you firmly, their internal pads carefully shaped and fine-tuned to transmit road-feel but remain comfortable for everyday driving. There are plenty of clever storage areas with split-folding rear seats to make the most of the practically-proportioned boot.

BOOSTERJET PERFORMANCE

It wouldn't be a Swift Sport without a race-tuned, championship-worthy engine, and the sports engineered BoosterJet turbo delivers in spades. This direct injected, intercooled powerhouse is a technological tour de force based on a proud history of building great engines. It's compact, lightweight and fuel-efficient while delivering a robust amount of torque from low in the rev range. With a taut, athletic character it responds instantly and accurately – the level of control is masterful. This is an engine that is truly worthy of Swift Sport, delivering punch, dynamism and authority, for a drive that's always enthralling.

TURBOCHARGED EXCITEMENT

BoosterJet's turbocharger forces pressurised air into the cylinders enabling the engine to produce maximum torque from just 2500rpm. A wastegate valve controls boost pressure, quickening response and lowering fuel consumption. A short port intake and exhaust manifold are integrated within the cylinder heads for a lighter, more compact engine and heart-racing acceleration.

POWER: 103kW @ 5,500rpm

TORQUE: 230 Nm @ 2,500-3,500 rpm

FUEL: 6.1L/100 km combined

CO2: 141g/km

DIRECT INJECTION

A direct injection system further enhances BoosterJet's power and efficiency by optimising the amount of injected fuel as well as the timing and pressure. Seven-hole injector nozzles atomise fuel for more efficient combustion, cleaner exhaust and exhilarating performance.

6-STAGE AUTOMATIC

The gear ratios of the 6-stage automatic have been chosen for optimum acceleration, matched to the strong torque characteristics of the engine. Paddle shifters enable manual gear changing to maximise the Sport experience.

6-SPEED MANUAL

The sport-grade smooth-shifting six-speed manual transmission is built to maximise the performance of the turbo engine. Shifting is accurate with just the right feeling of resistance, thanks to short shift strokes and an optimised clutch engagement point.

DRIVING PRECISION

Based on the new-generation HEARTECT platform Swift Sport is 90 kg lighter than its predecessor. With a kerb weight of just 970 kg it boasts an outstanding 4.2:1 weight-to-torque ratio (kg:Nm) for increased agility and a dynamic drive. Its sure-footed manner and nuanced handling come courtesy of the Sport's lower stance and race-tuned Monroe® shock absorbers. These are paired with a specially designed stabiliser for increased rigidity and Teflon mounts for reduced friction.

OPTIMISED BRAKING

To cope with the increased demands of the Swift Sport's performance, the braking system has been optimised with larger ventilated front discs. Combined with the solid rear discs, new Sport has superior braking power and fade resistance.

LIGHTER, STRONGER HEARTECT PLATFORM

Swift Sport's next-generation HEARTECT platform features a state-of-the-art, high-rigidity frame for enhanced road-feel and clear feedback. Its smoothly curving continuous shape effectively disperses impact energy in the case of a collision. Fewer joints and the use of special high-tensile steel mean less reinforcements are required, which reduces weight. This all helps to enhance fundamental vehicle performance with acceleration, turning, stopping, and fuel consumption all dramatically improved.

17-INCH PERFORMANCE ALLOY WHEELS

The Sport's exclusive alloy wheels are crafted using a new flow forming technique. This results in thinner yet stronger rims and a reduction in rotating weight - which translates to better acceleration and more responsive handling.

STATE-OF-THE-ART SAFETY

As Suzuki's flagship performance vehicle Swift Sport sets the standard for 5 star safety. On top of the stronger HEARTECT chassis, it features an Advanced Forward Detection System with a range of incredibly accurate sensors including a monocular camera, laser, and millimetre wave radar. Adaptive cruise control, high beam assist, lane departure warning and weaving alert complete the suite of accident avoidance and electronic driver assisted technologies.

Advanced Forward Detection System

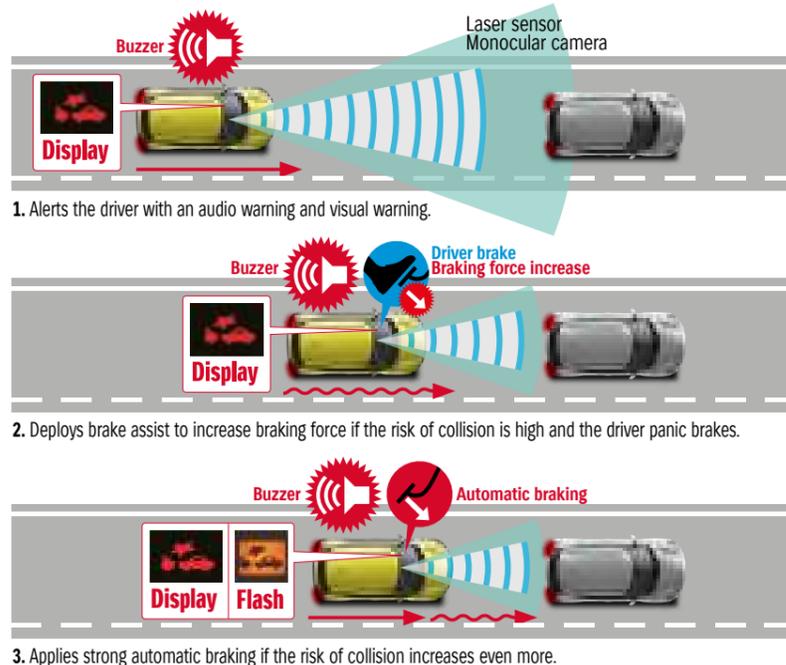

To help support your safe driving, Suzuki has developed an Advanced Forward Detection System*. This employs a state-of-the-art monocular camera, laser sensor, and millimetre-wave radar with the aim of aiding the driver to avoid a collision or mitigate the damage.

The Advanced Forward Detection System includes:

- Dual Sensor Brake Support (DSBS)
- Lane departure warning
- Weaving alert
- Headlamp high beam assist
- Adaptive cruise control

DUAL SENSOR BRAKE SUPPORT (DSBS)

Swift Sport's monocular camera 'sees' mid-to-long distance and can detect pedestrians. It also has a laser sensor for short-distances and at night. Using information from these sensors it can detect a potential collision and act accordingly.

LANE DEPARTURE WARNING

At 60 km/h or faster Swift Sport predicts your course and if you drift, vibrates the steering wheel and gives you a visual warning.

WEAVING ALERT

This system calculates your driving pattern and issues audio and visual warnings if it detects you're 'wandering' due to driver fatigue, for example.

HEADLAMP HIGH BEAM ASSIST

At 40 km/h or faster, Swift Sport's high beam assist can automatically switch the headlamps between high and low beam depending on the presence of other vehicles and the lighting environment.

ADAPTIVE CRUISE CONTROL

Cruise control is ideal for long journeys. When there are no vehicles in front of you it maintains your set speed so you can relax and concentrate on driving. When there is a vehicle in front of you, the adaptive cruise control system uses millimetre-wave radar to automatically maintain your following distance depending on the setting selected and vehicle speed.

ESP® AND ABS WITH EBD

When braking, Swift Sport automatically modulates the force applied to each wheel to provide the optimum amount of pressure and bring the car to a safe, controlled stop. There's also Electronic Stability Programme or ESP® to help you stay in control when you're cornering by counteracting under and oversteer. This also improves traction and reduces the possibility of skidding.

*Please do not rely on the Advanced Forward Detection System. It is only an aid and the ability to detect obstacles and lanes, and control the vehicle is limited. Always drive safely.

SWIFT Sport

Equipment and Specifications

COMFORT

Steering tilt and telescopic adjust	•
Electric windows front and rear	•
Electrically adjustable and folding exterior mirrors	•
Cruise control with speed limiter	•
Keyless entry and push-button start	•
Media system	•
Six speaker Tuner/MP3/WMA	•
USB and auxiliary inputs	•
Bluetooth® hands-free connectivity	•
Touch screen satellite navigation	•
Reversing camera	•
Apple CarPlay and Android Auto	•
Climate control air conditioning with pollen filter	•

INSTRUMENT PANEL

Tachometer	•
Info display	•
Digital clock	•
Outside temperature gauge	•
Gear position indicator (auto)	•
Fuel consumption gauge instant/average	•
Driving range	•
Vehicle performance screens	•
Turbo boost gauge	•
Oil temperature gauge	•
Light-off / key reminder	•
Driver's and passenger's seat belt alarm and warning lamp	•
Rear seat belt reminder	•
Door ajar warning lamp	•
Fuel warning indicator	•

INTERIOR

Sport seats with red stitching and embossed logo	•
Red fade to black interior accents	•
Sports alloy pedals	•
Steering wheel	•
Leather and piano black appointed	•
Cruise, speed limiter, phone and audio controls	•
Paddle shifters (auto)	•
Cabin light - 3-position	•
Luggage area light	•
Cup holders (2 front and 1 rear)	•
Bottle holders (2 front and 2 rear)	•
Sun visors - both sides	•
Day / night rear view mirror	•
Ticket holder & vanity mirror on both sides	•
Front seatback pocket - passenger's side	•
60:40 split folding rear seat	•
3 x Rear seat head restraints	•
3 x Assist grips	•
Liftable rear luggage shelf with strings	•
Remote fuel lid opener	•

EXTERIOR

Styling	•
Carbon fibre-look lower spoilers, front, side and rear	•
Carbon fibre-look garnishes front and rear	•
Rear upper spoiler	•
Twin exhausts	•
Headlamps	•
LED projector headlamps	•
Automatic light-sensing	•
Automatic levelling device	•
Mirrors	•
Body coloured	•
With integrated turn signals	•
Privacy glass (rear windows and hatch)	•
2-speed wipers with variable intermittent and washer	•
Rear window demister, & wiper/washer with intermittent	•
Rear centre aerial	•
Electromagnetic tailgate opener	•
Front fog lamps	•
LED daylight running lamps	•
17 inch polished alloy wheels	•
Monroe® shock absorbers	•

SAFETY & SECURITY

ABS with EBD and Brake assist	•
Electronic Stability Programme (ESP®)	•
SRS dual front airbags	•
Driver and passenger side airbags	•
Front and rear curtain airbags	•
Side impact beams	•
Dual sensor brake support	•
Adaptive cruise control	•
Lane departure warning	•
Weaving alert	•
Headlamp high beam assist	•
Shift lock & key interlock (auto only)	•
Decoupling mechanism for brake and clutch pedals	•
Height-adjustable seatbelt anchorages (front)	•
Seat belts	•
Front 3-point ELR with pre-tensioner x 2	•
Rear 3-point ELR x 3 with pre-tensioner x 2	•
High mounted stop lamp	•
ISOFIX child seat restraint system x 2	•
Child seat tether anchorages x 3	•
Driver's door security unlock	•
Child-proof rear door locks	•
Engine immobiliser	•
Hill hold control (auto only)	•
Puncture sealant kit	•
5 star ANCAP safety rating	•

THE SUZUKI WAY OF LIFE

When you buy a Suzuki, you're not just buying a car, you're joining the Suzuki family – the Suzuki Way of Life. We make some of the world's favourite compact vehicles and take great pride in the level of service and support we offer our customers. Our New Zealand dealer network is second to none and we've won more independent customer satisfaction awards than any other manufacturer.

BIG ON SMALL CARS AND SUVs

Suzuki is one of the biggest car makers on the planet today, and we got here making small cars. We didn't just jump on the efficiency bandwagon, we've been leading the way for over 100 years – it's in our DNA. No other manufacturer can match our experience.

Today, as the world becomes increasingly motorised, the mantra of 'smaller, fewer, lighter, cleaner' takes on even more importance. With Suzuki's small car expertise we're leading the way with a range of small cars and SUVs designed for modern lifestyles. Featuring next-generation technology, our highly fuel-efficient compact vehicles are purpose-built for minimum environmental impact and maximum enjoyment. In New Zealand, Suzuki's new vehicle fleet is the cleanest of any mainstream brand. (2017 result for top 10 vehicle manufacturers.)

INVOLVED IN OUR COMMUNITY

Suzuki New Zealand support a number of organisations and worthy causes in our community. We encourage kiwis to get involved in an active lifestyle at all levels. We help out with fun events with a focus on family, community, and the environment and we support the things Kiwis care about.

LEUKAEMIA & BLOOD CANCER NZ

With a vision to cure and a mission to care, this amazing organisation works tirelessly helping everyday Kiwis come to terms with leukaemia, lymphoma, myeloma and related blood conditions. Last year, the frontline support services team covered more than 50,000 kilometres in their brightly coloured Suzuki Balenos and Swifts; providing patients, their family and friends with emotional and practical support.

AA DRIVING SCHOOL

With over 1.5 million members the AA is New Zealand's largest automobile club. Their driving school is one of the most respected in the country and includes programmes for drivers of all levels. Thousands of kiwis have learnt to drive or improved their skills in the school's fleet of modified dual control Swifts. Swift's 5-star safety, agility and easy handling make it the perfect choice for learners.

MAKING DRIVERS SAFER

To help make our roads safer for everyone, Fleetcoach has developed a virtual driver training programme for employers to identify, train and upskill their staff. State-of-the-art interactive videos put drivers behind the wheel of a Suzuki, allowing them to identify driving hazards and improve their road safety skills online.

REAL VALUE

Real Value isn't just about sharp pricing, it's about worry-free enjoyment of your new Suzuki and protecting its on-going value.

5 YEAR WARRANTY PACKAGE

A comprehensive 3 year/100,000 km new vehicle warranty. This covers your entire vehicle for the most important part of its lifecycle and includes a 2 year powertrain warranty extension for a total of 5 years worry-free motoring.

5 YEAR SUZUKI ASSIST

This is one of New Zealand's most comprehensive roadside assistance programmes. It has you covered all day, every day for 5 years from when you first buy your Suzuki – no matter how many kilometres you travel.

SUZUKI BENEFITS PROGRAMME

Purchasing a Suzuki gives you access to the Suzuki Benefits Programme offering a host of benefits like discounts on fuel, rental vehicles, insurance, accommodation and a whole lot more.
