The Power to Surprise

A true performer

Kappa 1.2 MPI engine

The CVVT MPI engine with piston-cooling jets and coated piston rings combines efficiency, power and dynamic performance.

Power:
62 kW @ 6,000 rpm

Torque:
122 Nm @ 4,000 rpm

Automatic transmission

The 4-speed automatic transmission offers quiet operation and shift points that are set to maximise smoothness, even in start-stop city traffic.

Manual transmission

The 5-speed manual transmission features friction reduction measures for lasting performance, and lets you select gears quickly with confidence.

Six airbags

To help protect occupants and potentially reduce injuries in the event of a collision, Picanto offers driver and front passenger airbags, two front-side airbags, two side-curtain airbags.

Picanto LX model shown

Electronic Stability Control (ESC)

ESC ensures optimal braking performance and directional control by automatically delivering the right amount of braking force to each front wheel according to engine torque and driving circumstances.

Autonomous Emergency Braking

Using radar data, the Picanto senses the potential for a collision with a car or object ahead and applies emergency braking to avoid or reduce the effects of a collision.

Hill-start Assist Control (HAC)

At a standstill on an incline, HAC prevents you from rolling backwards. By gently applying the brakes, for up to two seconds, from the time you lift your foot from the brake pedal, it gives you time to switch your foot smoothly to the accelerator.

Reverse parking sensors

Squeeze into tight parking spots with the help of rear parking sensors. As you reverse, loud beeps alert you the closer you get to a car or object.

Ready for modern life

Apple Carplay™ & Android Auto™

Carplay and Android Auto connects certain apps on your iPhone or Android smartphone to the Picanto's infotainment system. It equips your vehicle's radio with display and control functions when they're plugged into your Kia's USB port.

Start/Stop button + Smart Key

With the Smart Key in your bag or pocket, you can lock or unlock and even start your Picanto at the touch of a button.

Audio remote controls & Bluetooth® hands-free

Buttons mounted on the steering wheel let you adjust audio functions while your eyes stay on the road and your hands stay on the wheel. Built-in Bluetooth connects paired, compatible mobile devices seamlessly, giving you easy access to music streaming and hands-free calls.

Cruise control

Buttons at your fingertips let you set, adjust or cancel the cruise control system, simply and quickly.

AUX and USB ports

Play your music your way by connecting audio players and mobile devices via USB or AUX cables for instant playback.

Auto light control

Set the lights to 'Auto' and the front and rear lights will turn on or off automatically depending on lighting conditions.

7" Colour touchscreen audio

A vivid 7" colour LCD screen is shared by the rear view camera and the audio system. The large screen makes it simple to select radio stations and operate other audio system controls with the touch of a finger.

Rear view camera with dynamic guidelines

The rear view camera helps you keep an eye on what's behind you while reversing. Dynamic guidelines help indicate the path that you're going and will react as you back up.

The details that make a difference

Tilt steering wheel

Motor-driven power steering simplifies turning, while a tilt steering column lets you find the most comfortable driving position.

Segmented cluster LCD

A segmented cluster between the instrument dials keeps vital information front and center.

ISOFIX child seat anchors

The Picanto is equipped with 2 x ISOFIX child seat anchor points, so you can cart your precious cargo around safely.

Climate control

Enjoy one-touch comfort by simply setting your preferred temperature, and the automatic system will monitor and maintain the temperature until you change or cancel it. Available in GT Line & X Line model.

Double Tray

Located just below the temperature controls, the double tray provides a convenient space for sunglasses or smartphones.

60:40 Split rear folding seats

For maximum flexibility, the rear seatbacks split 60:40 and fold flat, allowing several combinations of people and cargo.

Centre console armrest

The floor mounted center console offers convenient storage and a place to rest your arm.

Front cup holder

At the front of the console, dual cup holders keep drinks secure and close at hand.

Want GT Line attitude?

Alloy pedals

Racing inspired alloy pedals add to the fun of driving. Raised rubber grips help ensure confident footwork.

Composite leather seats

Two-tone black and grey leather seats give the interior a premium feel.

LED tail lights

Not only do they brighten your presence at night, the LED tail lights create character.

Sports bumper

An eye-catching bumper design gives the GT Line another point of difference.

Up the fun with X Line

Dual exhaust

Two exhaust pipes add another level of impact.

LED daytime running lights

Stylish LED daytime running lights ensure added safety by clearly defining your position on the road.

Outside mirror indicators

Enjoy a more luxurious look with body colour outside mirrors that incorporate LED side indicators, heating function and electric folding.

Higher ground clearance

Infused with a crossover-inspired styling design combined with higher ground clearance, the X Line gives you a more confident and clearer view of the road ahead.

* Fuel consumption figures shown are from standard Australia Design Rules tests and are stated for the purpose of comparison. Actual results achieved will differ according to operating conditions and driving style.

** Not all handsets may be compatible.

∞ **Apple CarPlay:** Requires an iPhone 5 or later and it is recommended to always update your iPhone to the latest iOS release. Use the Apple Lightning® cable provided with your phone or, Apple certified Lightning cable.

† **Android Auto:** Requires an Android phone with Android 5.0 Lollipop or higher. It is recommended to always update your phone to the latest OS release. Use the USB cable provided with your phone.

Kia Motors cannot guarantee continued compatibility.

The environment

ECO-CONSCIOUS

So you value sustainable living? We do too.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

As you can see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale.

Services

5 YEAR Warranty Programme (UP TO 100,000 KM)

All new Kia Passenger Vehicles come with an impressive 5-Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

5 YEAR Roadside Assist

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.

Visit Kia.com/NZ for full details and terms & conditions.
